Voltiq raises equity and debt for its clients and partners, focusing exclusively on renewable energy and energy transmission projects. Main focus is on wind (on- and offshore), solar PV, and transmission, primarily in emerging markets. Voltiq has offices in The Netherlands and Spain, and has executed more than 50 deals since 2009 covering 3,300 MW of wind capacity, 1,600 MW of solar PV, 300 MW of CSP, 240 MW biomass, and over 5,000 km of high voltage transmission. Voltiq secures maximum value creation for its clients in energy projects, arranging complex (international) financing structures. Voltiq has extensive networks with all leading financial institutions including commercial banks, multilaterals and development banks.
